March 2017

**Terms of Reference for the Growth Programme Board's
Local Enterprise Partnership (LEP) Area
European Structural and Investment (ESI) Funds sub-committees**
(European Structural and Investment Funds 2014 -2020)

The LEP Area ESI Funds sub-committee

1. The Terms of Reference for LEP area ESI Funds sub-committees are described in the following sections:

- A. Overview and governance context
- B. Functions
- C. Operating practice
- D. Operating protocols
- E. Membership

Annexes:

- A. Sustainable Urban Development
- B. Community Led Local Development
- C. Code of Conduct
- D. Declaration of Interest

A. Overview and governance context

- 2. The LEP area ESI Funds sub-committees will provide advice to the Managing Authorities throughout the cycle of programme implementation. This is described at project level on GOV.UK and the documents that describe the lifecycle of a project.
- 3. Local partner advice has played an important role in identifying local development needs set out in LEP area ESI Funds Strategies, which are reflected in Operational Programmes. Partners are close to the practical implementation and understand local needs and so will continue to play an important role in advising the Managing Authorities on local growth conditions throughout the 2014-2020 programme implementation period.
- 4. The 2014-2020 European Regional Development Fund (ERDF), European Social Fund (ESF) and part of the European Agricultural Fund for Rural Development (EAFRD) Operational Programmes have been aligned in England in an ESI Funds Growth Programme. The governance structure of the ESI Funds Growth Programme has been established to exploit a multi-fund approach and ensure that the strong territorial basis of EU Cohesion policy is implemented in a way that best capitalises on national arrangements and local strengths. This governance model will therefore ensure that partners are effectively involved at national and local level.

5. A combined Programme Monitoring Committee (PMC), known as the Growth Programme Board (GPB) has therefore been set up, to maximise the synergies of the separate Funds in the ESI Funds Growth Programme. The GPB will be the PMC for the England ERDF and ESF Operational Programmes and will provide advice to the England PMC for the European Agricultural Fund for Rural Development.
6. The GPB will be supported by a sub-committee in each Local Enterprise Partnership (LEP) area for the ERDF and ESF Operational Programmes, which will report to the GPB through the Managing Authorities. The GPB will also be supported by a number of national policy and operational sub-committees. Local sub-committees, where relevant, may be asked to submit reports to the national sub-committees by the GPB. These reports will be prepared by the Managing Authorities.
7. The LEP area ESI Funds sub-committees will not be sub-committees of the EAFRD PMC but will assist the EAFRD Managing Authority and the GPB by providing advice as set out in these Terms of Reference where those activities are relevant to EAFRD spend which is part of the ESI Funds Growth Programme. Where there are differences of detail in the arrangements or procedures for the EAFRD Growth Programme, these will be spelled out separately by the Department for Environment, Food & Rural Affairs (Defra) to LEP area ESI Funds sub-committees with a rural interest.
8. These local sub-committees will be known as LEP area ESI Funds sub-committees. The territory of each LEP area ESI Funds sub-committee will be denoted by a geographic prefix, for example the 'Humber LEP area ESI Funds sub-committee'. In Cornwall and the Isles of Scilly, the LEP area ESI Funds sub-committee will be known as the 'Cornwall and Isles of Scilly ITI Board'.
9. The LEP area ESI Funds sub-committees will support the GPB's role in considering overall Operational Programme performance by specifically looking at and advising on the local, on-the-ground implementation of it, via project calls, applications and ongoing implementation.
10. Where local implementation issues require escalation, this will be organised through the Managing Authorities who will submit the advice of affected LEP area ESI Funds sub-committees to the GPB/ relevant GPB sub-committee via the GPB Secretariat.
11. Local promotion of ESI Funds and their impact will be a priority for the LEP area ESI Funds sub-committee, as will local leadership of this amongst partners.
12. Each LEP area ESI Funds sub-committee will be therefore chaired by a local partner who, along with other members drawn from business, public, environmental, voluntary and civil society sectors, will be advocates for the opportunities and impact of the ESI Funds. Membership will be inclusive and in line with EU regulations and the wide scope of ESI Funds priorities. The Chair will be responsible for ensuring

that rules of discussion are followed; and that settled advice to the Managing Authorities arises from the sub-committee in meeting or by following an established Written Procedure. The Chair should be consulted on the draft agenda for a sub-committee meeting; and has the right to be consulted on draft meeting minutes before they are circulated by the secretariat within 10 working days after the meeting.

13. The Department for Communities and Local Government (DCLG), as the local lead Managing Authority, will be the Deputy Chair of the local LEP area ESI Funds Committee, except in London where the Greater London Authority (GLA) is designated as an Intermediate Body for the ERDF and ESF programmes.
14. Where specific Managing Authority functions are designated to an Intermediate Body, that body will seek advice from the relevant LEP area ESI Funds sub-committee in the same way as the Managing Authority would. The LEP area ESI Funds sub-committee will therefore provide advice to the Intermediate Body and/or the Managing Authorities as appropriate and as set out in the agreement with the Intermediate Body.

B. Functions of LEP area ESI Funds sub-committees

15. The LEP area ESI Funds sub-committees will have the following functions:
16. Provide advice to the Managing Authorities or designated Intermediate Body on local development needs and opportunities to inform any changes to Operational Programmes and ESI Funds Strategies. A LEP area ESI Funds sub-committee may, in full meeting, reach agreement that it should commission its own advice from appropriate technical, thematic or policy groups to enable it to better understand project call specifications, funding assessments and appraisals. The LEP area ESI Funds sub-committee may only use such advice to inform its own advice to the Managing Authorities or Intermediate Body.
17. Work with sectors and organisations they represent so that they engage with and understand the opportunities provided by the ESI Funds to support Operational Programme objectives and local economic growth.
18. Promote active participation amongst local economic, environmental and social partners to help bring forward activities which meet local needs in line with the Operational Programmes and local ESI Funds Strategies.
19. Provide practical advice and information to the Managing Authorities to assist in the preparation of local planning that contributes towards Operational Programmes priorities and targets.
20. Similarly, provide local intelligence to the Managing Authorities in the development of project calls decided by the Managing Authorities that reflect Operational Programmes and local development needs as well as public and private sector match funding opportunities.

21. Provide advice on local economic growth conditions and opportunities within the context of Operational Programmes and the local ESI Funds Strategy, as well as complementarity with interventions funded through other public and private sector funding, to aid the Managing Authorities' assessment of applications at outline and full application stage, as set out in Section C.
22. Contribute advice, local knowledge and understanding to the Managing Authorities to aid good delivery against spend, milestones, cross-cutting themes, outputs and results set out in the Operational Programmes and local ESI Funds strategies.
23. Having regard to the Managing Authority's statutory duties under the Equalities Act 2010, provide information advice and local knowledge regarding the likely and actual impact of ESI Funds strategies and plans on persons with the protected characteristics and advice on mitigating measures where adverse impacts are identified.

C. Operating practice of the LEP area ESI Funds sub-committee

24. As set out on GOV.UK in documents that describe the lifecycle of a project, there are two routes into the programme, via an open project call or, for the European Social Fund only, through a co-financing organisation, so-called Opt-ins.
25. The LEP area ESI Funds sub-committee will have a role in each of these routes as detailed below:

Operating practice – open project calls:

26. For the open call route, Managing Authorities will draw up project call specifications and will be aided with intelligence on local development needs provided by local LEP area ESI Funds sub-committees. This will help to inform which Priority Axes and Investment Priorities calls focus on, the level of financial resources, any geographic focus and the timing of such calls.
27. Minuted oral advice provided by the LEP area ESI Funds sub-committees on specific local development needs will also be considered by the Managing Authorities and reflected as appropriate as part of the project call information that will be published on GOV.UK. The Managing Authorities will be responsible for developing and finalising the Project Calls and publishing them on GOV.UK.
28. Minuted oral advice provided by LEP area ESI Funds sub-committees on project calls will be within the context of relevant Operational Programmes, ESI Funds Strategies and other relevant factors, such as applicable policy initiatives and match funding opportunities that are/become available over the programme period.

Operating practice – ESF Opt-in organisations:

29. LEP area ESI Funds sub-committees will provide minuted oral advice to the ESF Opt-in organisations on local employment, skills and social inclusion needs and opportunities to be considered in the development of the Opt-in organisations' full applications to the Managing Authority for ESF.
30. The purpose of such advice will be to assist Opt-in organisations in developing proposals for provisions that are locally appropriate, within the context of the ESF Operational Programme and ESI Funds Strategy.

Outline and full applications

31. Applications will be received by the Managing Authorities from potential beneficiaries, at outline and full application stages.
32. The Managing Authorities will assess such applications against the Project Selection Criteria that have been agreed by the respective PMC.
33. The Managing Authorities will provide an assessment report for each application. This report will provide a synopsis of the project (which will be repeated verbatim from the application) and outputs, results and financial data. Once this report has been completed by the Managing Authority, it will be circulated to the relevant LEP areas ESI Funds sub-committee(s).
34. The LEP area ESI Funds sub-committee will provide minuted oral advice to aid the assessment of the Managing Authorities. The advice provided by partners will be in relation to the extent to which the proposed activity meets local strategic needs, provides good value for money and is in line with domestic strategic priorities.

Ongoing implementation

35. EU Regulations state that the Programming Monitoring Committee shall review implementation of the programme to which it relates and progress towards meeting its objectives, and shall examine all issues that affect Operational Programme performance. The LEP area ESI Funds sub-committees will do this at local level and will provide minuted advice, local knowledge and understanding to support the Managing Authorities throughout the implementation of the 2014-2020 ESI Funds Operational Programmes.
36. Operational Programmes deliver their programme strategies through a series of Priority Axes, Investments Priorities and associated results and outputs, and financial targets. These in turn reflect local development needs set out in ESI Funds Strategies, on which basis financial resources have been targeted, through notional allocations in each LEP area.
37. Each LEP area therefore has an important role to play in contributing to the implementation of Operational Programmes. The advice of partners on LEP area ESI Funds sub-committees will be important to assist the Managing Authorities in considering progress against spend, milestones, cross-cutting themes, outputs and

results set out in Operational Programmes and local ESI Funds Strategies.

38. The Managing Authorities will provide each LEP area ESI Funds sub-committee with quarterly implementation reports that set out progress in its area against Operational Programmes and ESI Funds Strategy specific objectives and targets. These reports will be provided in a common format and will also be used to inform reports to the GPB, on national and local implementation.
39. Specific reports may be provided by the Managing Authorities on particular initiatives or projects as relevant to LEP areas, such as for Community Led Local Development or Financial Instruments. The LEP area ESI Funds sub-committee will provide advice to the Managing Authorities in such cases, including on measures to be considered to support strong performance and effective implementation.
40. LEP area ESI Funds sub-committees will also provide advice to the Managing Authorities on programme evaluation, including Managing Authority preparations for the conduct of a mid-term review, in line with the national Evaluation Strategy.
41. To support the objective set out in the Partnership Agreement and Operational Programmes for the ESI Funds to be developed and delivered in complementarity with other each other and with other European programmes, partners will provide advice to the Managing Authorities on approaches which exploit these synergies.
42. Collaboration is key to driving economic growth regardless of administrative boundaries, so the LEP area ESI Funds sub-committee will also be a forum for members to identify opportunities for delivering activity in collaboration with other areas in England as appropriate and advise the Managing Authority on an ongoing basis.
43. In all of its activities the role of LEP area ESI Funds sub-committees will not substitute for or take on the tasks and functions of the Managing Authorities, or the GPB (PMC).

D. LEP area ESI Funds sub-committee operating protocols

44. Meetings will be normally held on a quarterly basis.
45. Full use will be made of smart technology to support meetings and attendance.
46. Meeting dates for each calendar year will be provided in advance.

Advice provided by partners on Managing Authority assessments and appraisals of funding applications in relation to fit with local strategic needs will be oral, unless advice is sought by the Managing Authorities under written procedures. Written reports on funding applications by Committee members will not be considered by the Managing Authorities.

52. Members should be able to attend regularly and be able to devote necessary time to any preparatory work. Members should not send a substitute unless this has been agreed in advance by the Managing Authority in consultation with the Chair; it is suggested that all members should nominate a deputy for this purpose. Members missing more than 50% of meetings in a twelve month period or three meetings in a row may be asked to step down by the Managing Authorities in its role as Secretariat, after consultation with the Chair.
53. The organisation that the member represents shall be responsible for reimbursing any reasonable expenses incurred in attending meetings of the LEP area ESI Funds sub-committee by that member.

Managing conflicts of interest

54. The Managing Authorities will be responsible for ensuring that partner roles and responsibilities are clearly set out at all levels and that conflicts of interest are avoided.
55. To ensure that this is compliantly managed and that appropriate standards are maintained, LEP area ESI Funds sub-committee members will be required to sign an undertaking to abide by 'Seven Principles of Public Life', known as the 'Nolan Principles'¹ (see Annex C).
56. The secretariat will be responsible for maintaining a record of sub-committee members' declarations of interest (see Annex D); this will be updated over the term of the members' appointment.
