46. Minutes of the Meeting of the Combined Authority held on 4 September 2020

Resolved: That the minutes of the meeting of the West Yorkshire Combined Authority held on 4 September 2020 be approved.

47. Covid-19

The Combined Authority considered a report of the Director, Economic Services on COVID-19.

The Chair referred to the national lockdown, rising infections in the region and the effects this was having on the health service and stressed the importance of following national guidelines in order to reduce the infection rate.

The Authority noted the update on the current position and discussed the economic impact the pandemic had had on the region. They expressed their concern regarding the rise in unemployment, particularly amongst the 18-24 age group. The importance of providing skills support and help with training and job opportunities through initiatives such as FutureGoals was discussed and the Authority would continue to work with JobCentre Plus on the Youth Guarantee offer which will include local co-ordination of support for young people through a Youth Hub model.

The details of the business support packages to be provided as a result of the Tier 2, Tier 3 and ultimately the national lockdown were noted and the importance of communicating the support available to small businesses was stressed.

In respect of the economic recovery for West Yorkshire, it was noted that the economic recovery plan which included funding asks had been submitted to Government. This will be further refined and developed subject to future announcements and further understanding of the impact of the crisis and direction of recovery. The outcome of the Comprehensive Spending Review on 25 November 2020 was awaited where the Government will have an opportunity to make further announcements about economic recovery.

The report also provided an update on the transport response. It was reported that bus patronage had been increasing before the national

lockdown and Members discussed the impact the new restrictions would have on the demand for public transport. Concern was expressed about the future sustainability of services/routes particularly in the rural areas and the need to press Government regarding future funding was stressed. Discussions were being held with transport operators to ensure service levels continue to support key workers and access to health and education.

Resolved: That progress on the delivery and development of the response to the COVID-19 crisis be noted.

48. Capital Spending and Project Approvals

The Combined Authority considered a report of the Director, Delivery on the progress and funding for the following schemes through the Combined Authority's assurance process:

- Huddersfield Stations Gateway package – preparing for Transpennine Route Upgrade (TRU) at Huddersfield and opening up employment sites
- Halifax Walking, Cycling and Bus Transformation package – North Halifax cycle super highways, park ward streets for people, bus priority
- Active and Sustainable Travel in Wakefield City Centre
- York Station and City Centre Access package

Members also considered the Highways Maintenance Challenge Fund allocation 2020/21 which was outlined in the submitted report.

In addition, it was noted that since the last meeting, decisions and change requests had been approved by the Investment Committee on the following schemes:

- TCF Leeds Rail Station Sustainable Travel Gateway
- Beech Hill, Halifax
- Strategic Business Growth
- A629 Phase 2: Halifax Town Centre
- Wakefield SE Gateway (Kirkgate)
- Tranche 2 Emergency Active Travel
- Wakefield SE Gateway (Rutland Mills)
- Bradford Heritage Properties (High Point)
- Rail Park and Ride Phase 1 (Steeton & Silsden, Moorthorpe, Normanton)

It was reported that the Investment Committee had considered the Active and Sustainable Travel in Wakefield City Centre and York Station and City Centre Access package projects at their meeting held on 5 November 2020 and recommended them to the Authority for approval.

Members discussed the importance of provided transport links from rural areas to the transport hubs and it was noted that the West Yorkshire Connectivity Plan would be brought to a future meeting. It was noted that

the impact of COVID-19 on travel behaviour into and around towns and cities is assessed as part of scheme appraisal. However, the business cases for some schemes in the submitted report were developed prior to COVID-19 and aim to address issues identified prior to lockdown restrictions. It was acknowledged that whilst public transport patronage is lower than pre COVID-19 levels it remains a priority to invest in public transport infrastructure to both help with economic recovery and to have the required infrastructure in place to respond to increase in demand post COVID-19. As scheme business cases develop further, growth assumptions will be re-tested.

Details of all the schemes were provided in the submitted report.

 - (i) That the expenditure of the DfT Highways Maintenance Challenge Fund totalling £3.334 million be approved.

49. Future-Ready Skills Commission

The Combined Authority considered a report of the Director, Policy, Strategy and Communications on Future-Ready Skills Commission.

The final report of the Future-Ready Skills Commission was launched online on 24 September 2020. Members welcomed the report which set out the blueprint for a radical shift in powers and responsibilities for a future-ready skills systems. They discussed the Skills Commission's recommendations outlined in the submitted report and noted the executive summary which was attached at Appendix 1.

The next steps for implementation and the need for the investment strategy to be aligned with the Skills Commission's recommendation of creating skills funding for every public infrastructure project were discussed. The importance of inclusivity was recognised and the work of the school partnership team, Kickstart programme and SEN hub noted. The skills gaps in the region were discussed and the aspiration for skills funding to be

devolved to local level in order to ensure that training was provided to fill those gaps was emphasised.

Members were thanked for their feedback and a report on the next steps for infrastructure investment and skills would be prepared for a future meeting.

Resolved:

- (a) That the findings of the final report of the Skills Commission be noted.
- (b) That the Combined Authority agrees the next steps of the Commission's work for implementation and a report be prepared for a future meeting.

50. Comprehensive Spending Review

The Combined Authority considered a report of the Director, Policy, Strategy and Communications on the Combined Authority's submission to the 2020 Comprehensive Spending Review.

It was reported that the Combined Authority had submitted a representation to the Comprehensive Spending Review which set out detailed proposals aligned to the long-term vision for a more productive, inclusive and greener Leeds City Region. It recognised the significant impact of COVID-19 and focussed on three key areas crucial to enabling a recovery that will deliver for the Leeds City Region and support the national recovery which were outlined in the submitted report.

The Comprehensive Spending Review will be for one year, setting government department's resource and capital budgets for 2021/22 and full details are expected from Government on 25 November 2020.

Resolved: That the content of the Comprehensive Spending Review submission be noted.

51. Business Planning and Budget 2021/22

The Combined Authority considered a report of the Director, Corporate Services on the work underway on the business plan and budgeting for 2021/22.

It was reported that the business planning for 2021/22 will take into account the transition to becoming a Mayoral Combined Authority (MCA), the response to COVID-19, preparing for the EU exit and the conclusion of funding streams such as the Growth Deal.

Members discussed the current position of the revenue budget for 2020/21 and the projections which indicated a £4.6 million deficit position due to COVID-19. Work was underway to refine the revenue budget forecasts and discussions continue with Government to provide support for the estimated losses.

The budget 2021/22 would be set within the context of the business plan and a revised medium term financial strategy. It was acknowledged that the challenging financial position for local authorities as well as the Combined Authority would make setting the budget difficult, particularly with the uncertainty of future bus funding.

The report set out a number of key budget assumptions including that the gainshare expected as part of the devolution deal is not available for general revenue budget issues. Work on options to address the budget gap without the use of reserves was being undertaken. A further report will be prepared for the Combined Authority meeting to be held on 10 December 2020.

Resolved: That the business planning and budget work being undertaken be noted.

52. Corporate Planning and Performance

The Combined Authority considered a report of the Director, Corporate Services which provided an update on corporate performance including progress against corporate plan priorities, risk management and budget position.

Members noted the summaries of the performance against the key performance indicators and strategic organisational risks which were provided in Appendix 1. A summary of the 2020/21 spend as at August 2020 compared to the approved revenue budget was attached at Appendix 2 and included a RAG rating to identify budgets that need further review.

It was acknowledged that there were a number of 'red' areas of concerns relating to the COVID-19 pandemic. Key impacts were being felt across commercial income, bus station costs, commission from travel card/MCard sales, bus revenues (for gross cost contracts) and transport service costs.

Resolved: That the information provided on corporate performance be noted.

53. European Structural and Investment Funds (ESIF) – Sustainable Urban Development (SUD)

The Combined Authority considered a report of the Director, Corporate Services on the European Structural and Investment Funds (ESIF) – Sustainable Urban Development (SUD).

It was reported that the Investment Committee had considered the detail and endorsed the advice included in each of the outline assessments and the prioritised list which were attached as exempt Appendices 2-4.

In its role as the Intermediate Body (IB), the Combined Authority considered and agreed the advice provided in the exempt appendices. The assessment forms will now be submitted to the Ministry of Housing, Communities and Local Government (MHCLG) who, as Managing Authority (MA), will finalise

its assessment and make its decision based on a reconciliation to the available budget.

It was also agreed that once the MA has reconciled the budget, the final selection of projects be delegated to the Director, Corporate Services in consultation with the Chair of the Combined Authority.

Resolved:

- (a) That the Combined Authority, in its role as the Intermediate Body, approves the advice included in the outline assessment forms at part 3 of exempt Appendices 2, 3 and 4, the decision and any respective conditions outlined in part 5a, in its role as the Intermediate Body for the SUD part of the ESIF programme, and the prioritisation list for SUD included in exempt Appendix 1.
- (b) That once the MA has reconciled to the budget, the final selection of projects be delegated to the Director, Corporate Services in consultation with the Chair of the Combined Authority, as required, to ensure no further delays in progressing applications under the European programme occur.

54. Minutes for Information

The Combined Authority noted the minutes of the committees and panels that have been published on the West Yorkshire Combined Authority's website since the last meeting.

Resolved: That the minutes of the Combined Authority's committees and panels be noted.

1. Purpose of this report

- 1.1 The West Yorkshire “minded-to” Devolution Deal was announced as part of the Budget on 11 March 2020. Subject to statutory processes, this will lead to the adoption of a mayoral combined authority model with additional functions.
- 1.2 At their meetings in September, the Combined Authority and each Constituent Council:
 - Considered the outcome of the public consultation on the Scheme, which has been undertaken jointly by the Constituent Councils and the Combined Authority; and
 - Resolved to submit the summary of the consultation responses to the Secretary of State.
- 1.3 Subsequently the consultation summary report, along with representations from Leeds City Council and Kirklees Council were submitted to the Secretary of State. This submission, along with the Scheme have then been used to draft the Order.

- 1.4 Following these approvals this report seeks to:
- Consent in principle to the draft Order, to establish a mayoral combined authority and associated changes as set out in the 'minded to' Devolution Deal.
 - Delegate authority to the Managing Director of the Combined Authority, in consultation with the Leader and Chief Executive of each Constituent Council and the Chair of the Combined Authority, to finalise and consent to the final draft of the Order further to any technical issues which may arise.

2. Information

Benefits of the Deal

- 2.1 As previously reported, the Deal will devolve a range of powers and responsibilities to West Yorkshire Combined Authority. It will unlock significant long-term funding and give the region greater freedom to decide how best to meet local needs.
- 2.2 The 'minded to' devolution deal, the biggest ever of its kind, and establishing a Mayoral Combined Authority will enable more:
- Funding:** to invest in our people, businesses and communities
Powers: to shape West Yorkshire and take decisions closer to people
Influence: to shape Government policy and access further devolution and funds.
- 2.3 The 'minded to' devolution deal offers both investment and decision making which are crucial to fulfil West Yorkshire's potential and meet current challenges. The deal brings:
- Control of £38m per year allocation of gainshare investment funding over 30 years, to drive growth and take forward our priorities
 - A five-year integrated transport settlement starting in 2022/23, and agreement to explore West Yorkshire Mass Transit
 - New powers relating to transport, including easier access to bus franchising and a regional approach to control of a Key Route Network
 - Devolution of Adult Education powers and the Adult Education Budget to shape local skills provision to respond to local needs
 - £25m Heritage Fund to support the establishing of a potential 'British Library North'
 - New powers on planning, focusing on zero carbon
 - £3.2m to support development of a pipeline of housing sites across West Yorkshire
 - Transport infrastructure development and funding for the Bradford Station Masterplan and the Outline Business Case for Leeds Station redevelopment
 - Ongoing partnership with the Environment Agency on identifying and addressing flood risk management requirements with £101m allocated for West Yorkshire flood risk management schemes
 - £200,000 for the Yorkshire Leaders Board

- £75,000 West Yorkshire Local Digital Skills Partnership
- Piloting the new National Green Infrastructure Standards with Natural England and DEFRA
- Transfer of Police & Crime Commissioner (PCC) functions to the new Mayor in 2021
- Commitment to working in partnership to explore an “Act Early” Health Institute
- Strengthened collaboration and partnership with Government

- 2.4 Devolution and Mayoral Combined Authority preparations are already having an impact on access to funding and increased opportunities for the region. These have been sought and secured through:
- £317m Transforming Cities Fund, the largest allocation to any region, to deliver transformational walking and cycling schemes across West Yorkshire and creating jobs
 - £67m funding for new homes on Brownfield sites
 - A seat at the national table on economic recovery

- 2.5 The initial gainshare funding for the financial year 2020/2021 will be available prior to the first Mayoral election, but subject to: the establishing legislation being in place; and a revised Assurance Framework being approved.

Process for enacting the deal

- 2.6 The Local Democracy, Economic Development and Construction Act 2009 sets out statutory processes to be followed before any Order is made. Each aspect has a specific statutory procedure to be followed. In addition, the consent of each Constituent Council and the Combined Authority is required to any Regulations giving the Combined Authority powers to borrow for non-transport functions, however these are to be progressed separately and at a later date to the making of the Order.
- 2.7 The process to enact the deal is set out in the timetable at appendix 1 to this report. This process addresses all statutory procedural requirements. Stages 1-4 are now complete. The following sections of the report provide a summary of the draft Order. The full document is available as appendix 2 to this paper.

Devolution Consultation Follow Up

- 2.8 As previously reported, between 25 May and 19 July 2020, we asked the public and stakeholders for feedback on the devolution deal through a formal public consultation. We published a governance review and the Scheme which gave the detail of the ‘minded-to’ devolution deal signed between West Yorkshire leaders and the Government in March 2020. A total of 4,413 responses were received, making it the largest ever public consultation on English regional devolution, despite the challenges of Covid-19. The feedback received was considered by the Combined Authority and Constituent Councils in September and then submitted to the Secretary of State.

- 2.9 A wide range of views were offered as part of the consultation responses. The high-level themes were included and responded to in the reports that were considered by the Combined Authority and Constituent Councils in September. Commitment was also made to reflect on the views expressed in devolution consultation and provide detailed responses. To ensure it is clear how views have been reflected the Combined Authority has responded to the comments raised through 'you said, we did' communications, which have been published on the YourVoice website. The themes covered include:
- General – cost, bureaucracy, decision making
 - Governance – decision making, local communities
 - Transport – ticketing, climate emergency
 - Employment and skills – unemployment, upskilling
 - Housing and planning – affordable housing, energy efficiency
 - Police and crime – accountability, politicisation
 - Finance – taxes, value for money
- 2.10 In addition, during the process of taking the consultation responses through Constituent Council meetings, although support was received, some issues were raised. The main issues raised were in relation to: scrutiny of the devolution implementation; and local engagement and decision making regarding the agreement of the Spatial Development Strategy.
- 2.11 These issues were raised in the letter to the Secretary of State, which accompanied the Consultation Summary Report.
- 2.12 As part of the work that the Combined Authority is undertaking to become a mayoral combined authority, scrutiny arrangements are being reviewed to ensure they are fit for purpose. As part of this work the Combined Authority's Overview and Scrutiny Committee are holding a range of working groups to discuss, review and make recommendations for change. The Chair of this committee has contacted Overview and Scrutiny Chairs from Constituent Councils to offer them an opportunity to comment on this work, particularly any views on the how scrutiny at a West Yorkshire level can engage with local scrutiny in the future.

Draft Order

- 2.13 The Secretary of State has now formally decided that the statutory tests have been met and that the implementation of the devolution deal should proceed. The Mayoral Order has therefore been drafted. Officers of the Combined Authority have liaised closely with government officials in relation to the intended wording of the Order.
- 2.14 The Order is a technical document which will ultimately become legislation. It includes details of:
- When the functions will commence
 - The election of Mayor
 - The Mayor's Political adviser
 - Education, skills and training functions

- Housing, regeneration and planning functions
 - Mayoral development corporation
 - Transport functions
 - Mayoral functions
 - Funding
 - Police and Crime Commissioner functions
- 2.15 The draft Order, which is attached at appendix 2 to this report, has been reviewed by Combined Authority Officers in consultation with Local Authority Officers, to ensure it reflects the ‘minded to’ devolution deal and Scheme and includes the expected functions and supporting legislation. Upon review there are two areas of deviation from the ‘minded to’ devolution deal or the Scheme namely, Spatial Planning and Highways powers.
- 2.16 Functions relating to the Spatial Development Strategy (SDS) and Strategic Infrastructure Tariff (SIT) were a part of the ‘minded to’ devolution deal and the Scheme. Due to the ongoing national planning reforms that are underway, through the Planning White Paper, Government have decided to remove the SDS and SIT from the draft Order at this time. A letter from the Minister for Regional Growth and Local Government, explaining these changes is included at appendix 3 to this report.
- 2.17 Government officials have indicated that once the outcome of the planning reform is complete, the relevant equivalent functions will be conferred to West Yorkshire. It is currently unknown what this will look like, or the timescales associated, further correspondence is expected from Government.
- 2.18 Officers will develop proposals, in line with the Scheme, regarding how local collaboration on spatial planning will continue in the interim, particularly with regards to mass transit and the climate emergency, which were planned to be at the heart of any Spatial Development Strategy.
- 2.19 The operational highways functions within the Order are consistent with the ‘minded to’ devolution deal and Scheme. The highways functions conferred will cover the Combined Authority area of West Yorkshire. The functions can however only be exercised with the unanimous approval of the five Combined Authority members appointed by Constituent Councils.
- 2.20 The KRN and the roads which constitute it, in respect of which the concurrent powers of the Combined Authority will apply, will be defined locally at a subsequent time and agreed with the consent of the Constituent Councils. This model offers flexibility to define and change the KRN locally and over time by agreement.
- 2.21 Once the Order has been made the functions detailed in the Order will be conferred to the Combined Authority in line with the following timescales
- Combined Authority functions will be conferred once the Order has been made in parliament.
 - Mayoral functions, once the mayor is in office.

- 2.22 Following the development of the Order there is still much work to be undertaken to implement and operationalise the Order. The Combined Authority and Constituent Councils will work closely together to develop and agree local protocols before the Order is made. These protocols will:
- Provide further clarity that no functions are taken away from the Constituent Councils.
 - Detail how any functions which are held concurrently between the Combined Authority and the Constituent Councils will be operated
 - Detail how consent functions will work in practice.

Next Steps

- 2.23 As part of the parliamentary process, in parallel to the consents sought through this paper, the draft Order is being considered by Parliament's Joint Committee on Statutory Instruments (JCSI). Their role is to focus on the technical quality of the draft Order as opposed to the policy content and amendments at this point would be those required to ensure that the Order is well drafted. The JCSI process may therefore lead to technical amendments being made to the Order, these will be non-negotiable.
- 2.24 In order to facilitate any technical amendments to the draft Order, following the consent of each Constituent Council and the Combined Authority, it is proposed that authority is delegated to the Managing Director of the Combined Authority, in consultation with the Chief Executive and Leader of each Constituent Council and the Chair of the Combined Authority to finalise and consent to the Order, further to any technical amendments which may arise.
- 2.25 The Order will then be laid in parliament in early December 2020.
- 2.26 Appendix 1 to this report sets out the timeline for implementing the deal.

Police and Crime Commissioner

- 2.27 To support understanding of the degree of work required to transfer the Police and Crime Commissioner functions to the Mayor in May 2021, an external due diligence exercise was commissioned by the Combined Authority through a competitive tender process. The scope of this critical exercise included an understanding of the scale of the transfer, the mechanisms necessary to transfer PCC functions, as well as the instruments and resourcing required to enable this.
- 2.28 An external due diligence exercise and risk assessment on the transferring of PCC functions has concluded that there are no insurmountable barriers to the transfer. Key areas of risks have been identified including resourcing of the transfer work; staff transition; future changes to the funding model; the Parliamentary timetable for agreeing the Order; and future funding and fleet replacement for the National Air Police Service (NPAS), all of which have

identified risk mitigation actions assigned. A full project plan for the transfer of functions with appropriate resourcing is now in development.

- 2.29 The arrangements for the Police and Crime Panel (PCP), which provides scrutiny of the work of the PCC, will remain as the per the current arrangements. That is, the PCP will be retained as a joint committee, supported by Wakefield Council as the Support Services Authority to the panel. This could be reviewed at a later date in light of potential changes arising from the Home Office's PCC review and subject to further discussion and agreement.

3 Clean Growth Implications

- 3.1 As part of the 'minded to' Devolution Deal text, the Government welcomed West Yorkshire's commitment to becoming a net zero carbon economy by 2038, with significant progress by 2030. There are however, no immediate implications on Clean Growth arising as a direct result of the report.

4 Inclusive Growth Implications

- 4.1 Inclusive Growth is a key priority for West Yorkshire Combined Authority and the LEP. There are, however, no immediate implications on Inclusive Growth arising as a direct result of the report.

5 Financial Implications

- 5.1 The 'minded to' Devolution Deal includes a number of flagship funding arrangements including £38m for 30 years into the West Yorkshire Investment Fund, £317m from the Transforming Cities Fund and control over the £63m annual Adult Education budget. The implications of these and the other funding provisions contained within the 'minded to' Deal will be subject to future reports.

6 Legal Implications

- 6.1 It is proposed that this decision is exempt from call-in on the grounds of urgency as any delay caused by the call-in process would prejudice the Combined Authority's and Constituent Councils' interests and delay the consent to the draft Order, which would have a significant detrimental impact on the proposed timeline set out in Appendix 1.
- 6.2 S101(5) Local Government Act 1972 provides that two or more local authorities (defined to include a Combined Authority) may discharge any of their functions jointly and may arrange for the discharge of those functions by an officer of one of the authorities.
- 6.3 An Equalities Impact Assessments has been undertaken for implementation of the deal. The assessment has taken account of the obligations under section 149 of the Equality Act 2010 (ie the public sector equality duty). It is not

expected that the proposals described in this report will have any adverse impacts on people with protected characteristics. The Combined Authority will ensure that the equality impact assessments are reviewed throughout the devolution implementation process.

7 Staffing Implications

EXPLANATORY NOTE

(This note is not part of the Order)

This Order provides for the conferral of functions of local authorities and other public authorities on the West Yorkshire Combined Authority (“the Combined Authority”).

Part 6 of the Local Democracy, Economic Development and Construction Act 2009 (“the 2009 Act”) provides for the establishment of combined authorities for the areas of two or more local authorities in England. Combined authorities are bodies corporate which may be given power to exercise specified functions of a local authority under section 105 of the 2009 Act, and power to exercise specified functions of any other public authority under section 105A of the 2009 Act.

Under sections 107A(1) and 107B(3) of the 2009 Act the Secretary of State may provide for there to be a mayor for the area of a combined authority with the consent of the constituent councils of the combined authority (each district council or county council whose area is within the area of the combined authority) and any existing combined authority. Paragraph 3 of Schedule 5B to the 2009 Act provides that the Secretary of State may make provision for the dates on which and years in

which mayoral elections for the area of a combined authority may or must take place, the intervals between elections for the return of a mayor and the term of office of a mayor.

Article 3 of the Order creates the position of mayor for the area of the West Yorkshire Combined Authority. Article 3 further specifies the term of office for the mayor for the area of the West Yorkshire Combined Authority, and the dates on which elections for the return of a mayor shall take place and the intervals between elections. Article 4 provides for the appointment of a political advisor to the Mayor.

Article 5 of the order confers on the Combined Authority functions of the constituent councils in relation to education, skills and training to be exercisable by the Combined Authority in the Combined Authority's area concurrently with the constituent councils. Article 6 of the Order provides for the transfer to the Combined Authority of adult education functions under 86 to 88 of the Apprenticeships, Skills Children and Learning Act 2009, with the exception of such functions relating to apprenticeships training, persons subject to adult detention or any power to make regulations or orders. The transferred functions will be exercisable by the Combined Authority instead of by the Secretary of State in relation to the area of the Combined Authority.

Article 7 also provides for the functions of the Secretary of State under section 90 of the Apprenticeships, Skills, Children and Learning Act 2009, which relate to the encouragement of education and training for persons aged 19 or over, and under section 100(1) of that Act, which relate to the provision of financial resources, to be exercisable by the Combined Authority in relation to the area. The functions will be exercisable by the Combined Authority concurrently with the Secretary of State.

Article 8 sets conditions on the exercise of the functions mentioned in Articles 6 and 7. The Combined Authority must adopt rules of eligibility for awards by an institution to which it makes grants, loans or other payments under section 100 of the Apprenticeships, Skills, Children and Learning Act 2009 in accordance with any direction given by the Secretary of State. In addition, in exercising the transferred functions, the Combined Authority must have regard to guidance issued by the Secretary of State (as amended from time to time or replaced by a subsequent document).

Article 9 and Schedule 1 to the Order apply certain provisions of the Apprenticeships, Skills, Children and Learning Act 2009 with modifications to the Combined Authority for the purpose of the Combined Authority exercising the functions conferred on it by articles 6 and 7.

Article 10 to the Order confers on the Combined Authority functions in relation to housing and regeneration which are to be exercised concurrently with the Homes and Communities Agency.

Articles 11 makes provision about the acquisition and appropriation of land for planning and public purposes. Article 12 sets out conditions on the exercise of various functions. Article 13 and Schedule 2 applies and modifies relevant provisions in legislation.

Part 5 of the Order confers on the Combined Authority functions corresponding to those of the Mayor of London in relation to the designation of a Mayoral development area. Schedule 3 to the Order modifies Part 8 of and Schedule 21 to the Localism Act 2011 which makes provision about the establishment of a Mayoral development corporation, its objects and powers as well as its constitution and governance.

Part 6 of the Order confers transport functions on the Combined Authority. Article 17 applies section 31 of the Local Government Act 2003 to ensure that a Minister of the Crown's power to

pay a grant under section 31(1) of the Local Government Act 2003 is exercisable by the Combined Authority in relation to its area towards expenditure incurred or to be incurred by a constituent council. Article 18 confers on the Combined Authority functions to give grants to bus service operators. Article 19 confers functions to enter into agreements in respect of highways functions. Article 20 confers on the Combined Authority functions in relation to traffic regulation.

Articles 21 to 24 provide for certain transport functions of the constituent councils to be exercisable by the Combined Authority in relation to the Combined Authority's area.

Part 7 of the Order confers additional functions to be exercisable by the Combined Authority. The functions are to be exercised concurrently.

Article 27 sets out the functions of the Combined Authority which are to be only exercisable by the Mayor. Article 28 makes provision in relation to Joint Committees.

Article 29 makes provision for the funding, by the constituent councils of those costs of the combined Authority that relate to the exercise of its functions.

Article 30 is a transitional provision relating to the Police and Crime Commissioner precept.

Article 31 provides that the Combined Authority is to have in relation to its area functions corresponding to the functions that the Greater London Authority has under the BRS Act to levy a supplement on business rates to raise money for expenditure on a project which will promote economic development in its area. Article 32 provides that the functions are exercisable only by the Mayor, that the Mayor may be assisted by members or officers of the authority in the exercise of the functions and that the general power of the Combined Authority under section 113A of the 2009 Act is conferred on the Mayor for the purposes of those functions. Article 33 provides for modification of the Business Rate Supplements Act 2009.

Part 10 of the Order makes provision for the Mayor for the area of the combined authority to exercise functions of a police and crime commissioner ("PCC"). Article 35 of this Order provides that, in relation to the mayor's PCC functions, the mayor is to be treated as a PCC for the purposes of all legislation affecting PCCs. This is subject to certain modifications of such in their application to the mayor set out in Schedule 5 to the Order and does not apply in respect of the legislative provisions listed in Schedule 6 to the Order.

Articles 36 to 40 make transitional provision in relation to the transfer of functions, in particular in relation to transfer of property, rights and liabilities. The property, rights and liabilities of the PCC for West Yorkshire are to transfer to the West Yorkshire Combined Authority. In relation to such property, rights and liabilities (and any acquired in relation to the mayor's PCC functions after the transfer) the mayor is to exercise all functions in relation to such property etc, make all decisions relating to it. Any receipts arising from such property, rights and liabilities or from property, rights and liabilities acquired in the future, are to be paid into the police fund.

Article 41 extends the period in which the statement of accounts required by the Local Audit and Accountability Act 2014 in relation to the PCC for West Yorkshire (or, after the transfer, the combined authority in respect of the PCC's accounts), and the chief constable for that area is to be prepared.

Article 42 applies section 86 of the Local Government Act 1972 ("the 1972 Act") in relation to the mayor but with a modification to that section which has the effect that where a mayor ceases to be mayor by virtue of being unable to act for more than six months (see section 63 of the Police Reform and Social Responsibility Act 2011), the combined authority shall declare the office of mayor to be vacant, unless there is a High Court declaration under Part 5 of the 1972 Act.

Dear Susan, Shabir, Denise, Tim and Judith,

West Yorkshire Devolution Deal

Following your submission to the Secretary of State of the governance review, scheme and consultation required by statute for the implementation of the West Yorkshire devolution deal which we agreed and announced on 11 March, I am pleased to confirm that the Secretary of State is satisfied the statutory tests to implement the deal are met. We are now finalising the necessary Order and I enclose a copy of a near final draft which may be subject to further minor legal drafting amendments. We intend to lay the Order before Parliament in early December, subject to each of your councils and the combined authority consenting to the Order. Accordingly, I am now inviting you to put in place arrangements enabling your council's formal consent to be confirmed.

As you see, the Order will provide for certain functions of local and public authorities to be exercised by the West Yorkshire Combined Authority (the "WYCA"), and for certain specified functions of the WYCA to be exercisable only by the Mayor of the WYCA. It also amends certain governance arrangements. The provisions in the Order correspond to the proposals published in your Governance Review and Scheme with two exceptions in regard to strategic planning powers and strategic infrastructure tariff. Given our intention to reform the planning system (as set out in the "Planning for the Future" white paper) we are committing that we will seek to confer these powers (or equivalent as established through the ongoing planning reform process) to WYCA when the position is clearer.

My officials will keep closely in touch with your officers as the legal drafting of the Order is finalised and your councils give formal consent to the finalised Order.

Finally, thank you for all your hard work to get to this point. Implementing the West Yorkshire deal will be a significant step for everyone in West Yorkshire providing critical support to the economic recovery of West Yorkshire communities from the impact of Covid-19 and I am delighted we are moving forward.

Yours sincerely,

LUKE HALL MP

Subject: **Adult Education Budget Governance**

Is the decision eligible for call-in by Scrutiny?	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No
Does the report contain confidential or exempt information or appendices?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If relevant, state paragraph number of Schedule 12A, Local Government Act 1972, Part 1:	

1 Purpose of this report

- 1.1 To seek approval of the Governance arrangements for the devolved Adult Education Budget (AEB) programme.

2 Information

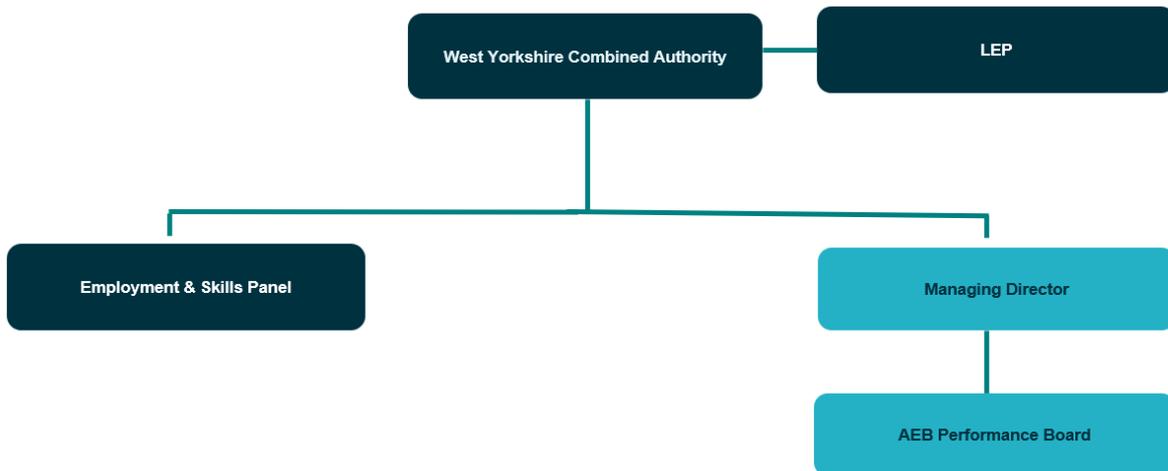

- 2.1 The Mayoral devolution proposals for West Yorkshire envisage AEB being devolved in August 2021. The governance structure will ensure that decision making is member-led, robust, transparent and mitigates any potential conflicts of interest, particularly during the implementation phase which sets the path for delivery. This will be balanced with efficiency within the delivery phase for 'business as usual' decision making, allowing us to achieve our strategic aim of increasing the responsiveness of the funds. These principles underpin the proposals as set out here and developed in consultation with local authority partners.
- 2.2 The governance structure and decision-making process set out in this paper is compliant with the Combined Authority Assurance Framework and is consistent with the AEB strategy approved at Combined Authority on 4 September 2020. The future decision-making and committee arrangements for the MCA will be

reviewed in due course which may mean further refinement may be necessary in future in relation to AEB governance.

Governance

2.3 It is proposed that AEB governance is strategically led by the Combined Authority, with advisory support by the Employment and Skills Panel (ESP) in the first instance (as the ESP does not have decision making delegations), while operational decision making can be carried out at officer level under the Combined Authority's Officer Delegation Scheme. It is proposed that approving and varying the AEB Strategy is a function which is specifically reserved to the Combined Authority, and that for transparency, any amendments to the AEB Strategy are defined as a Key Decision, under the Combined Authority's Access to Information Annex.

2.4 A proposed governance structure is set out in the diagram below:

2.5 The Combined Authority (which will be a Mayoral Combined Authority once the Order is made early next year) is the accountable body responsible for commissioning adult skills provision through the devolved Adult Education Budget, and will be responsible for approving recommended grant offers, procured contracts and associated funding.

2.6 Regular updates performance on performance will be brought to public meetings of The Combined Authority.

2.7 Leeds City Region Enterprise Partnership (LEP) brings together private sector experts from business and the public sector to develop strategy and policy aimed at meeting the current and future needs of the region's economy. They will receive regular updates in alignment with the LEP's strategic skills objectives and associated work.

- 2.8 Employment & Skills Panel is a member led advisory panel that reports to the Combined Authority and to the LEP. It provides strategic direction and oversight of projects which address communities of need, employment and skills priorities in the city regions key industry sectors. Their work is driven by the needs of employers and the region’s economy.
- 2.9 The AEB Performance Board is an internal officer group which will monitor performance and delivery of the programme from 2021, replacing the interim Project Board which was established to oversee implementation and readiness for AEB devolution.
- 2.10 The table at **Appendix 1** reflects the level at which decisions will be taken, with a rationale regarding these proposals.

Stakeholder Engagement

2.11 The rationale for implementation of AEB in West Yorkshire as outlined in the AEB Strategy, is to ensure that the funding is directed to the identified areas of need and skills gaps. The success of AEB delivery will require extensive stakeholder and local authority engagement to advise on where the local need and gaps are which can be addressed through this funding. The diagram below illustrates how members and key stakeholders in each local authority area will be able to engage with the AEB Strategy and support delivery of the programme. All conflicts of interest will be addressed in line with the Combined Authority’s AEB conflicts of interest policy for Adult Education provision (Appendix 2)

2.12 The AEB Performance Board will engage with each local authority Employment and Skills Board and Officers to identify need and gaps in skills provision for their communities of need that can be supported in their locality through AEB funding. This information will be used to acquire appropriate levels of provision to respond to local need.

- 2.13 New AEB Performance and Partnerships Groups will be established in each local authority area with the aim of bringing together delivery partners and relevant stakeholders to monitor delivery and provide advice to the MCA where provision needs to be addressed. Reports from this group will feed into the local authority Employment and Skills Boards and the Combined Authority's AEB Performance Board.
- 2.14 In considering the Governance model we have explored other MCA models to ensure consistency of approach: these are broadly consistent with our own in terms of the internal operational group.

3 Clean Growth Implications

- 3.1 There are no clean growth implications arising directly from this report.
- 3.2 The skills agenda has clear links to driving the Combined Authority's inclusive growth ambitions through enabling enhanced access to skills, education and career prospects, thus affording increased social mobility.

4 Inclusive Growth Implications

- 4.1 The skills agenda has clear links to driving the Combined Authority's inclusive growth ambitions through enabling enhanced access to skills, education and career prospects, thus affording increased social mobility.

5 Financial Implications

- 5.1 There are no financial implications directly arising from this report, and the Combined Authority have previously noted that additional funding in the region of £63 million per annum is to be devolved to the Mayoral Combined Authority to allow delivery of the Adult Education Budget from August 2021.

6 Legal Implications

- 6.1 The delivery of AEB is contingent on contracts agreed with learning providers and specialist legal resource has been allocated to deliver this.
- 6.2 The governance proposals as set out here are consistent with the statutory guidance for devolved AEB, and have been tested with DfE and the ESFA, and are aligned with the Combined Authority's approval process.

7 Staffing Implications

- 7.1 Additional capability and capacity are required to prepare for taking on AEB, and the costs of this have been included in the bid approved by DfE. Once AEB has been devolved, the management costs associated can be accommodated within the devolved allocation.

8 External Consultees

- 8.1 The proposals for AEB governance set out here have been considered in consultation with local authority partners, DfE and the ESFA, as well as in line with statutory guidance.

9 Recommendations

- 9.1 That the Combined Authority approves the AEB governance arrangements as set out in this report and its appendices, and delegates authority to the Head of Legal and Governance Services to amend the definition of a key decision in the Combined Authority's Access to Information Annex to include the approval or variation of the AEB Strategy, and amend the Officer Delegation Scheme to clarify that approving or varying the AEB Strategy is not delegated to any officer under the Scheme.

Appendix 2 | AEB Conflict of Interest policy

West Yorkshire Combined Authority

AEB Conflicts of Interest Policy

1. Introduction

The West Yorkshire Combined Authority (the Combined Authority) are committed to ensuring that the Members and officers act in line with the **Nolan Principles** of public life, which are selflessness, integrity, objectivity, accountability, openness, honesty and leadership.

This Conflicts of Interest Policy applies to:

- any member of the LEP Board,
- any member of the Combined Authority,
- any member of the Employment and Skills Panel,
- any officer of the Combined Authority, including those on the Adult Education Performance Board and
- any officer of a local authority who advise the Combined Authority.
- any member of the AEB performance & partnership groups, who advise the Combined authority and its individual officer boards

The policy provides an overview of how conflicts of interest are managed, by reference to the procedures in place to maintain high ethical standards and protect organisational and personal reputations against any allegation of conflicting interests. These include requirements to register and declare interests.

The policy must be followed throughout all decision-making processes; the Combined Authority are committed to ensuring that this policy applies to decisions taken at formal meetings or by individuals on behalf of the Combined Authority under delegated authority. It is communicated to everyone involved in decision-making by the Combined Authority in relation to Adult Education, to ensure their commitment to it.

To ensure transparency, the Combined Authority record and publish decisions where this is provided for by their agreed procedures.

2. Definition

A conflict of interest is a set of circumstances which creates a risk that an individual's ability to apply judgement or act in a role is, or could be, impaired or unduly influenced by a secondary interest of that individual, or of another person.

3. General

All members and officers must **take personal responsibility** for declaring their interests and avoiding perceptions of bias.

Where any conflict of interest arises outside of those which they are specifically required to register or declare, they should **err on the side of caution** and declare these interests in line with the Nolan Principles.

This policy applies whether they are decision-makers, consultees or involved in any other way in relation to any decision to be by the Combined Authority in relation to Adult Education.

4. Members of the LEP Board

Members of the LEP Board are required to comply with the LEP Board Members' Code of Conduct. The Code requires members to comply with the Nolan Principles and sets out the procedures for registering and declaring pecuniary and non-pecuniary interests, and managing conflicts which arise at a formal meeting of the LEP Board. It also extends to any conflict of interest arising in respect of an urgent decision taken by the Chair on behalf of the LEP.

The LEP Board's Procedure for Considering Complaints alleging a failure to comply with the LEP Board Members' Code of Conduct sets out the process that the LEP will follow if a member of the LEP Board is alleged to have failed to comply with the Code.

Registers of interests completed by members of the LEP Board are published on the Combined Authority's web-site, accessible from the LEP's web-site.

The Code also includes specific requirements and restrictions in relation to disclosing an interest:

- when considering applications for funding
- when applying to provide contracted work or services.

5. Members of the Combined Authority voting and non-voting members of the Employment and Skills Panel.

These members are required to comply with the Combined Authority's Members' Code of Conduct. The Code sets out the procedures for registering and declaring pecuniary and other interests, and managing conflicts which arise at any formal meeting of the Combined Authority or a committee or panel appointed by the Combined Authority, including advisory panels which report to the LEP.

The Combined Authority's **Procedure for Considering Complaints** alleging a failure to comply with the Members' Code of Conduct sets out the process to be followed if a member is alleged to have failed to comply with the Code.

Registers of interests are published on the Combined Authority's web-site.

6. Officers of the Combined Authority and other Local Authorities

Officers of the Combined Authority and the LEP must comply with the **Combined Authority's Officer Code of Conduct** and **Gifts and Hospitality Policy** when they are working for the Combined Authority or advising the LEP.

The **LEP Constitution** also requires:

- senior officers of the Combined Authority and officers involved in advising the LEP to complete a **LEP Officer's register** of interests,
- any officer from another local authority advising the LEP to comply with their authority's officer Code of Conduct, and
- any officer advising the LEP Board to be mindful of potential conflicts of interest, and exclude themselves for advising on any matter where their personal or
- professional interests are such that their integrity or objectivity may be questioned.

The **Combined Authority's Contracts Standing Orders** addresses potential conflicts of interests arising in respect of **contracts** with the Combined Authority for goods, services, or an interest in property.

Does the report contain confidential or exempt information or appendices?	<input type="checkbox"/> Yes <input checked="" type="checkbox"/> No
If relevant, state paragraph number of Schedule 12A, Local Government Act 1972, Part 1:	

1. Purpose of this report

- 1.1 To approve immediate recovery programmes to help 10,000 newly unemployed people retrain and find work through expanding the existing 'Reboot' (training) and the Employment Hub (matching people to jobs), as priority actions resulting from the West Yorkshire Economic Recovery Plan.
- 1.2 To note this will be undertaken in line with the Combined Authority's Assurance Process.
- 1.3 To note the progress made in the design of the Single Investment Fund (SIF) as the transition to a Mayoral Combined Authority (MCA) takes place.

2. Information

- 2.1 COVID-19 has given rise to exceptional challenges – to the overall economy, to businesses and to the lives of individuals - that have affected everyone in West Yorkshire in some way. In the collective efforts to stop the spread of the virus, businesses have been required to stop or reduce trading, and travel into cities, towns and rural areas has vastly decreased. There have been large increases in unemployment and applications for Universal Credit, and a

significant increase in the number of businesses that are struggling to survive despite support mechanisms locally and nationally.

2.2 In September 2020 the Combined Authority approved the [Economic Recovery Plan](#). Independent analysis conducted for the Combined Authority estimates the potential reduction in the size of the West Yorkshire economy at up to £12bn, as a result of COVID-19. Recovery will require substantial national investment. The financial ask from Government for the Plan is £1.4bn. Government has made some funding available for issues that have been identified in the plan both centrally and locally. Support has already been put in place in a number of areas since April in terms of support for businesses and individuals including for example:

- the Local Authorities (LAs) of West Yorkshire (WY) have been successful in distributing over £500m of grant funding to over 40,000 businesses across the sub-region since late March 2020. Together with an additional discretionary scheme from May 2020 of circa £50m and programmes of rates relief, this formed a significant package of support for local businesses during the first lockdown phase of COVID-19.
- bolstered capacity of the Business Support Service to support more businesses in a timely and responsive manner (60% increase in customer traffic)
- delivered the Digital Resilience Vouchers to 500 businesses supporting them to pivot their operations to keep and reach new customers.
- COVID-19 Recovery grants are being appraised with circa 1600 grant applications being progressed with small firms in West Yorkshire to purchase essential equipment and consultancy support to build resilience and move towards consolidation and cautious growth.
- support to small firms to access critical support around legal, finance, HR, health and safety and wellbeing through subsidised membership of the Federation of Small Businesses and the City Region's two Chambers of Commerce.
- free support and advice for small firms on cyber security from the North East Business Resilience Centre
- continued delivery of a range of other existing support products, including resource efficiency, innovation, strategic planning, access to finance and capital grant investment.
- enhanced support for those individuals furthest from the labour market who now require more specialist support on a range of issues and who need more help to move onto their next steps of further learning or employment.
- repurposed the Employment Hub to provide a 'one stop shop' for job seekers of any age and employers recruiting or making redundancies.
- bid for a Digital Bootcamp pilot (up to £4million to cover 3 geographical areas nationally) to deliver a series of adult digital and / or technical skills bootcamps across the Leeds City Region. Building on the success of attracting individuals to the [Re]boot programme and supporting the local economy to address recovery after COVID-19 it is proposed that the Combined Authority would act as the lead partner.

- 2.3 Despite Government funding which has been made available to date there are still significant gaps in provision, particularly to support people to gain and stay in work as a result of increasing levels of unemployment. This support remains critical to recovery for people, communities and local businesses.
- 2.4 Over time devolution provides an opportunity for greater local control and decision-making over investments than previously. The creation of the Single Investment Fund (SIF) will give the Mayoral Combined Authority greater ability to prioritise investments in a way that will make a real difference to people and communities in West Yorkshire – including interventions on skills, businesses, inclusion, climate and infrastructure. Whilst good progress has been made in the design of the SIF, the pandemic is having a lasting impact on livelihoods across the region, and investment and action is required now to support people and businesses to recover and to build a more sustainable, inclusive economy.

Immediate priorities for economic support and recovery

- 2.5 If and when the national lockdown restrictions end, and areas return into the tiered system, Government has confirmed that until the end of the financial year places in high or very high restrictions will have access to the Local Restriction Support Grants (open or closed as appropriate), as well as continuation of the Coronavirus Job Retention Scheme and Self-Employed Income Support Scheme available across the UK. However, once the national lockdown period ends, there will currently be no additional discretionary grant support available (the £20 per head Additional Restrictions Grant (ARG)) given to local authorities). Dialogue with Government is ongoing regarding what happens when current ARG allocations are spent.
- 2.6 Further to this, there is also an ongoing lack of strategic funding available to adequately address a number of key priorities in the West Yorkshire economic recovery plan, including support for individuals looking to start a business, employment brokerage for young people, business needs led retraining programmes and for developing a pipeline of zero carbon and nature recovery schemes.

Critical gap – increased demand for employment and training support

- 2.7 West Yorkshire's claimant count is currently 49,885 (87%) higher in West Yorkshire than before March: 106,970 claimants compared with 57,085 in March. The claimant count rate is 7.3%, up from 3.9%.
- 2.8 Given the significant increase in those now out of work, and given the predicted number of those at risk of redundancy, the Combined Authority are asked to fund two schemes from the Economic Recovery Plan, which are also in line with the priorities for the Single Investment Fund.

Proposed Recovery Programmes

2.9 Two partnership programmes are proposed – [Re]boot and the Employment Hub. These two programmes could be quickly enhanced and extended at speed in order to support people in West Yorkshire:

- [Re]boot – to support people unemployed / at risk of redundancy to retrain with a line of sight to employment opportunities across West Yorkshire, delivered through the regions' partner local authorities, colleges and other providers.
- Employment Hubs – to facilitate access to advice and support, across West Yorkshire, delivered through the region's partner local authorities, to enable individuals to access training, retraining and/or employment, particularly to new opportunities being created to support the COVID-19 recovery efforts and new opportunities created in priority sectors in response to changes in way of working.
- A summary of both projects can be found at **Appendix 1**.

2.10 The two proposed projects:

- have the potential to respond effectively and quickly to the 'rescue' phase of Recovery Plans, taking into account the immediate need to enhance support for people who have been made redundant or at risk of being made redundant as a result of Covid.
- will build on existing successful models:
 - **Reboot** has already supported 300 individuals. Additional funding will enable the creation of a new retraining and skills offer that responds to the immediate challenge of Covid. This is despite the constraints of delivering hands on and practical courses in the current environment. For instance, a course to upskill mechanics in hybrid vehicle technology will be delivered in a socially distanced way.
 - To date the **Employment Hub** programme has supported over 3,500 hardest to reach 15-24 year olds to move towards their next learning and employment opportunities, with 534 individuals supported into either employment or training to date. Demand will be driven by routing support to the right place, ensuring people of all ages receive comprehensive advice on the support (local and national) on offer, working with communities and the voluntary sector.
- will develop new courses to support new priority sectors and/or respond to changes and new working practices and employment opportunities, with a focus on skills for the future
- have the potential to contribute to the Strategic Economic Framework targets to increase % of 16-64 resident population into employment, improved productivity and decrease the percentage of those aged 16-64 with highest qualification below level 2 or no formal qualification.

- address the commitment to ensuring that everyone, including the most disadvantaged are supported, particularly through improved skills.
 - will provide a skills recovery package of support that creates opportunities for people to re-enter the workforce quickly. The offer is scalable and builds on existing skills programmes and support by extending this to be an all-age adult offer that drives demand through locally branded services that coordinates and signposts to national and local provision.
- 2.11 Both the Employment Hub and [Re]boot programme achievements above have been achieved during the pandemic period including full lockdown, requiring adjustment to the services and alternative forms of delivery.
- 2.12 Currently the Employment Hubs are working at capacity and need additional resource to support demand from people of all ages.
- 2.13 The aim of the enhanced programmes is to support individuals to move into employment as quickly as possible. However, given the current climate other progression routes may also be suitable including support to change career through upskilling or becoming self-employed. The programmes will work closely with sectors to engage them in the content of the retraining programmes to ensure that relevant skills are being developed to fill new employment opportunities as and when the employment markets recover. Work will also be undertaken with the Growth Service to help identify where jobs may be created and where individuals can be matched across. The programmes offer the opportunity to be flexible to respond to, and refer to, any employment programmes that are developed locally and nationally.
- 2.14 Funding requested, from the gainshare part of the Single Investment Fund, is **£13.5m** (Employment Hub (£7.5m and Reboot £6m) over the next two years to **December 2023**. **10,000** individuals will receive support across West Yorkshire. The increased funding will provide additional capacity to meet demand – both in terms of staffing and the cost of that support to individuals.
- 2.15 In March 2020 West Yorkshire Leaders and Government signed a ‘minded to’ devolution deal for West Yorkshire, which sets out a raft of new powers and funding, including gainshare of £38m per annum, which is the basis for the development of the Single Investment Fund, to be transferred from central Government to West Yorkshire. The Order which will enable the Combined Authority to be created, and funding to be released, is expected to be finalised early in 2021, as set out elsewhere on the agenda. This request for funding is therefore subject to the funding including gainshare, being made available.
- 2.16 If the Combined Authority approves the recommended projects, officers working closely with the delivery partners, will further develop the propositions, with more granular detail on the delivery model and costings, which remain scalable, to allow a project change request to be submitted in line with the Combined Authority’s Assurance Process. This is with a view to delivery taking place as soon as is practically possible to provide the support urgently needed.

- 2.17 Further proposals to support economic and transport recovery using the Single Investment Fund are expected to be brought forward in the new year.

Single Investment Fund – progress update

- 2.18 At the Combined Authority in July, the high-level operating principles of the SIF were agreed. The proposed approach is designed to ensure it supports delivery of the MCA's agreed strategic objectives and provides an opportunity to create an overall 'single pot' which brings together all the MCA's funding (some of which is ring-fenced to a degree), including legacy and new funding streams secured as part of the devolution deal. The aim is to give greater local freedom and flexibility over how to prioritise investments to fully realise the region's economic ambitions.
- 2.19 To achieve this level of ambition, the Combined Authority agreed that the SIF is outcome focussed, where local decision making is clearly guided by the overarching Strategic Economic Framework (SEF). The SEF brings all the policies and strategies under a single banner, ensuring greater alignment and identifying priorities based on local knowledge and robust intelligence to drive evidence-based policy making. The SEF will support the prioritisation of any investments which will be set out in the West Yorkshire Investment Strategy (WYIS), under pinned by the MCA's Assurance Framework. It is a requirement of the devolution deal that all spend must go through a Government approved Assurance Framework.
- 2.20 Further work is underway to develop the operating principles for the SIF and to translate the priorities of the SEF into the investment priorities of the WYIS which, for the next few years, is expected to focus on economic recovery and resilience. As well as setting out the context, objectives and targets of the MCA, the operating principles will also identify / define the criteria that will be used to select and prioritise projects, as well as the conditions for stopping or deprioritising. This would enable a range of factors to be identified in the assessment of schemes in order to support social, economic and environmental objectives. A report on the SIF operating principles will be shared with the Combined Authority in early 2021 for agreement.

3. Clean Growth Implications

- 3.1 There are no direct clean growth implications contained within this report.

4. Inclusive Growth Implications

- 4.1 Inclusive growth and reducing inequality are central aims of both the Reboot and Employment Hub to support individuals to gain, stay and progress in the labour market.

5. Financial Implications

- 5.1 Funding sought is intended, at this stage, to be drawn from the 2020/21 gainshare. This will be confirmed when the projects' full proposals come forward. In the worst-case scenario that this is not secured for any reason, other external funding will be sought and/or the projects would be scaled accordingly.
- 5.2 Dependent on the detail and proposed delivery model set out in the project change request, for Reboot and the Employment Hub the payment of funding will be subject to funding agreements being in place and between any partners of the schemes.
- 5.3 With regard to the development of the SIF, at this stage, there are no direct financial implications contained within this report, although the report sets out broad propositions for the future management of finances.

6. Legal Implications

- 6.1 In this instance, it has not been possible to provide the statutory 28 days' notice of this key decision being considered due to approve immediate recovery programmes to help newly unemployed retrain and find as priority actions resulting from the West Yorkshire Economic Recovery Plan. However, in accordance with the Combined Authority's Access to Information Annex to Procedure Standing Orders (part 1 section 7C – General Exception), the Chair of the Overview and Scrutiny Committee has been notified and notification has been published on the Authority's website. Accordingly, as set out in the rules of General Exception, the Combined Authority may still make the decision.

7. Staffing Implications

- 7.1 The additional funding would allow for increased capacity in a combination of Combined Authority and local Partner Councils', colleges' and local providers' staffing resources as part of the expansion of the programmes. The detail will be costed alongside setting out the delivery model as part of the project change request.

8. External Consultees

- 8.1 There are no direct external consultation implications contained within this report.

9. Recommendations

- 9.1 That the Combined Authority indicatively approves £13.5m gainshare for COVID recovery, for the extension of the existing Reboot and the Employment Hub projects, with full approval to spend being granted once the project change requests have progressed through the assurance process to decision point 5 in line with the Combined Authority's Assurance Process.

9.2 That the Combined Authority delegate the approval of the required existing project change requests to the Investment Committee, assessed in line with the Combined Authority's assurance process.

9.3 That the Combined Authority notes the progress made in the design of the Single Investment Fund (SIF) as the transition to a Mayoral Combined Authority (MCA) takes place.

11. Appendices

11.1 Appendix 1 – Project Summary Reboot and Employment Hub.

Appendix 1 - Project summary

Purpose: To provide a skills recovery package of support that creates opportunities for people to re-enter the workforce quickly. The offer is scalable and builds on existing skills programmes and support by extending this to be an all-age adult offer that drives demand through locally branded services that signposts to national and local provision.

Below are two complementary elements of a package which could be mobilised:

- [Re]boot – to support people unemployed / at risk of redundancy to retrain with a line of sight to employment opportunities
- Employment Hub – to facilitate access to advice and support to enable individuals to access training and/or employment, particularly to new opportunities being created to support the COVID-19 recovery efforts

Objectives of the package:

- Build on existing successful models to create new retraining and skills offers that respond to the immediate challenge of Covid, with a focus on skills for the future.
- Driving demand and routing that demand to the right place, ensuring people receive comprehensive advice on the support (local and national) on offer.
- To provide immediate support/tiered support responding to anticipated demand when current national initiatives cease.

[Re]boot

Short/sharp training programmes for those recently unemployed or at risk of redundancy, focussed on priority sectors for employment growth including digital, green economy / construction, and health and social care. Development of the offer will involve employers so that the training responds to and supports their vacancy/skills needs.

Some of the current provision could be uplifted in the current provider contracts (depending on capacity, capability and performance) to respond to immediate demand.

Why?

- Supports newly unemployed to return to work quickly in key sectors with potentially more secure employment and opportunities for progression.
- Provides the opportunity for a more flexible approach to retraining that is not currently available but is valued by employers.
- Enables flexible, modular learning to add on to existing provision, where there is employer need but no existing provision.

Key Considerations

- **Timing:** Where existing commissions can be uplifted (currently delivered by Leeds Trinity University, WY Consortium of Colleges and Go Train), dependent on training provider capacity, this could be immediate.
- **Cost:** £6m including central project and contract management support.
- **Impact:** 4,500 unemployed people would be retrained into priority sectors

Enhancing and Promoting Employment Hubs

Increasing capacity of the Employment Hubs to provide a first point of contact for those of all ages recently unemployed. Facilitates access and advice to wide range of both local and national support, including the [re]boot retraining offer above. Reinforced by a high impact promotional campaign to ensure impacted individuals in all communities and from all backgrounds understand and access the support available to them.

Why?

- The support landscape is complex to navigate and requires a good understanding of individual need.
- Currently only 15-24 year olds have access to this model.
- Evidence that people do not access the available support (particularly national).

Key Considerations:

- **Timing:** Immediate, with promotion flexed as capacity increases. Particular focus on January 2021, when the Job Retention Scheme is reviewed.
- **Cost:** £7.5m over 2 years
- **Impact:** Supporting an additional 5,500 people into training and employment, (subject to jobs existing) with an initial focus on matching individuals to opportunities created to support the recovery.

Other : There is a need to work with and ensure further work takes place, in partnership with DWP local and NCS, for marketing and referrals and that this aligns with national messages and provision.
