Project	Scheme Description	Key Information
Halifax Station Gateway	This scheme is part of the wider Station Gateways programme to transform public realm, expand retail opportunities and improve passenger experiences. This scheme aims to construct a new station building that links to the current Grade II listed building, bring a disused platform back in to use, and relocate the car parking. The land in front of the station will also be redeveloped to enable walking and cycling access from the station into the town centre.	Consultation has just closed (Late Feb) for this scheme to which Motts are produce the report based on the survey submissions
A641	The A641 project will identify interventions across all transport modes for the A641 between Odsal Top in Bradford and Huddersfield Ring Road, and the A644 between Brighouse and M62 J25.	The A641 Scheme is currently out for pre-consultation with a further in-depth consultation taking place in the Summer 2021.
A58 Corridor	Corridor improvements to reduce congestion, improve reliability as part of the Corridor Improvement Programme	Due to start on site Winter 21/22, to complete Winter 23/24
A646 Corridor	Corridor improvements to reduce congestion, improve reliability as part of the Corridor Improvement Programme	Due to start on site Winter 21/22, to complete Winter 23/24
A629N Ogden to Orange Street Rdbt	Corridor improvements to reduce congestion, improve reliability as part of the Corridor Improvement Programme	Consultation due to be undertaken in June 21 about the scheme proposals
