

# FlexiBus East Leeds

**Transport Committee 17 September 2021** 

### **Background**

- The FlexiBus East Leeds (FBEL) is a project within the Combined Authority led Bus Delivery Package that is part of the Leeds Public Transport Investment Programme (LPTIP)
- FlexiBus East Leeds is a research trial of Demand Responsive Transport using small electric buses at a time of new travel patterns emerging post pandemic

The purpose of the project is to:

- Trial the delivery of a Demand Responsive
  Transport (DRT) service using electric buses
- Operate within a defined zone in East Leeds and provide improved links to employment, local centres, and key transport hubs (bus/rail/Park&Ride)

West Yorkshire Combined Authority westyorks-ca.gov.uk
