

## Item 6 – Appendix 4

### Rail network performance data

#### How performance is reported

Performance data for Northern and TransPennine Express (TPE) is summarised here. Northern and TPE provide most rail services in West Yorkshire. Links to summaries of other operators' performance data are also provided.

Performance data is now reported to new 'to time' measures. These measures replace the familiar 'PPM' (Public Performance Measure) and are intended to represent a more 'real world' reflection of performance as experienced by passengers. The 'to time' measure records punctuality at all station stops (not just the final stop) and includes the number of trains that were either early, on time or up to '3' or '15' minutes late.

The main indicators used in this report are:

Measure	Explanation
Time to 3 T-3	Percentage of Recorded Station Stops called at within 3 minutes of the planned time.
Time to 15 T-15	Percentage of Recorded Station Stops called at within 15 minutes of the planned time.
Cancelled	Services subject to cancellation (in full or in part).

More information how rail performance is reported is available here:

<https://www.railedeliverygroup.com/punctuality.html> .

Rail performance data is reported on 4-week reporting periods, numbered sequentially from 1 April each year. The main periods used in this report are:

Period	Four-week date range
P8 (22/08)	17 October 2021 to 13 November 2021
P9 (22/09)	14 November 2021 to 11 December 2021
P10 (22/10)	12 December 2021 to 8 January 2021

Some of the charts in the report show abbreviated codes, for example '22/08'. These codes refer to the year and reporting period. The first two digits refer to the year – '22' means 2021/22, '21' means 2020/21 and so on. The latter two digits are the period in the year. So, 22/08 is the 8th reporting period in 2021/22.

We will continue to work with Transport for the North to ensure the graphical summary data provides valuable insights, including to show year-on-year comparisons.

## Northern

Northern operates most of the rail services in West Yorkshire.

Headline performance is summarised below.

<b>Time to 3</b> (% of station calls within 3 mins of planed time)	<b>17 Oct 2021 to 13 Nov 2021</b>	<b>14 Nov 2021 to 11 Dec 2021</b>	<b>12 Dec 2021 to 8 Jan 2022</b>
Northern overall	77.0%	72.2%	83.98%
East Region (Yorkshire and East Midlands)	74.6%	70.6%	83.46%
