

**West Yorkshire Combined Authority
Culture, Heritage & Sport Committee**

Where it started

The Kirklees Year of Music 2023 (KYOM23) programme strands:

1. **Music Industry:** giving flight to the ambitions, strengthening the resilience, growing the capacity of the music ecology in Kirklees.
2. **Young People's Year Of Music:** empowering young people to find their voice, how to express themselves and develop skills and leadership all through music.
3. **Major Chords:** special events and commissions that put KYOM23 on the map and tell our stories to the world.
4. **Musical To The Core:** Celebrating centuries of music-making and enjoying music, the annual programme of festivals, concert seasons, competitions and carnivals demonstrate the depths and range and ambition of Kirklees' musical heritage
5. **Rhythm Of Life:** Enjoying and making music is part of everyone's everyday lives with amazing benefits for health and wellbeing.
6. **Marketing & Communications:** creating a brand and visibility for Year of Music and Kirklees' music; capturing and telling the story of KYOM23.
