Geography

Recommendation:

As Local Enterprise Partnerships are central to future economic growth, Government will ask Local Enterprise Partnership Chairs and local stakeholders to come forward with considered **proposals by the end of September on geographies which best reflect real functional economic areas, remove overlaps and, where appropriate, propose wider changes such as mergers.**

...These proposals should be submitted by 28 September 2018. Government will respond to these proposals in the autumn and future capacity funding will be contingent on successfully achieving this.

Information required in geography proposal:

All LEPs should outline their response to the Government's recommendations on geography no later than **28 September 2018**.

Those LEPs proposing geography changes should provide detail of the proposed changes. In your response you should outline why these changes would be suitable for your local area. These proposals should include timescales for the transition to different geographies. LEPs should work with the LEP Network and neighbouring LEPs to ensure a shared understanding of the geography changes being proposed exists.

For LEPs who are proposing no changes you should respond briefly outlining why no change is required. For LEPs in MCA areas, these proposals should consider the current relationship between the MCA and LEP geographies. All LEPs should aim to have revised geographies (if required), by **spring 2020**.
